

LIVE NEWS FROM THE TWIN CITIES

ROOSEVELT NIGHT

Tomorrow night will be Roosevelt night at the East Chicago Masonic lodge and the members will observe the nineteenth anniversary of Theodore Roosevelt's receiving the degree of the Master Mason. The Master Mason degree will be conferred on a class of candidates and the Whiting Masons who have chartered a special car for the trip will take part in the work. Ex-Senator Frank N. Davis will deliver a talk on Roosevelt. Luncheon will follow the work and program.

The East Chicago lodge is also planning for other affairs within the next few weeks and will have Webster Davis of Gary deliver a talk on Masonry a week from tomorrow night, May 1. Webster Davis was assistant secretary of the Interior under President McKinley and is quite an accomplished orator.

On May 4 the lodge will have Elmer Beach, Deputy Grand Master of the State of Illinois and brother of Rex Beach the author, deliver a talk on Masonry. The lodge is fortunate in securing Mr. Beach and are expecting a large attendance at the meeting.

HUGE TANK BY TRUCK

The Graver Corporation yesterday arranged some interest among the citizens of East Chicago when they shipped one of their standard tanks which usually make a freight car load, by truck to the north side of Chicago. The tank was ten and a half feet in diam-

eter and thirty feet long and was carried on a truck and a trailer, passing through the center of the city.

Another good-sized tank which was shipped by truck yesterday was one ten and a half feet in diameter and eighteen feet long which was carried on an ordinary five ton truck and delivered to Paul Moorhead at Hammond to be used for storage of gasoline.

FOREIGN QUARTERS FUSY

The school census takers are encountering a myriad of troubles in getting a complete and accurate check in the Twin Cities and especially in Indiana Harbor among the foreign quarter. Professor Canine announces, however, that the census in East Chicago is practically complete and that most of Indiana Harbor will be completed by the end of the week.

SINCLAIR NOTES PAY 16 7-8

The Sinclair Consolidated Oil Corporation's new \$20,000,000 note issue will pay to subscribers 16 7-8 per cent on their investment the first year at the current market price of Sinclair stock.

This is the highest price on record that a company has had to pay in order to secure necessary funds. No announcement has been made as to what the underwriting of these notes will cost the company, but it will bring the cost of the new financing to a high level.

Each \$1,000 note of the new issue is exchangeable for ten shares at 8 per cent, cumulative sinking fund preferred stock of \$100 par value and 2 1/2 shares of common stock of no par value.

One role which is certain to create favor with the audience is that played by William Baker. The character is that of Terrence O'Holligan, manager of the "Follies" and affectionately known to the company as "Goddmother." Few people know him as a spry but in his interpretation of the character he bids fair to rival Titania.

The part of Blanche Blondina, or "Goddess" offers a rare opportunity for Ora McQuillen to display her abilities as a dancer. She plays prominently in the production with Norman Johnston, Laurel Lundquist and Wal-

ter Williams as the "Three Bears." It is stated today that the seat sale is progressing rapidly and that tickets are being bought up for all performances. Those who intend to attend the production are urged to procure their seats early as the good ones are not expected to last long.

POLICE HAVE A GREAT DANCE

The East Chicago-Indiana Harbor police dance which was held at the Masonic Temple in East Chicago and the Oddfellow's hall at Indiana Harbor last night was an unqualified success and the largest of its kind ever held in this section of the state.

All of the policemen were present in their new uniforms and with new stars, showing every one present the best of times. The crowd at the Masonic Temple was so large that for a time it was almost impossible to move about the hall. Later the dancers took turns and it permitted pleasant dancing. The Oddfellow's hall at Indiana Harbor was also full but not to such an extent as to interfere with dancing.

The music started at eight o'clock and continued almost without interruption until midnight. More than three thousand tickets were sold at one dollar each and the proceeds of the evening will permit the payment for the high class uniforms which have been purchased with little or no personal expense to the officers.

WOOD DATE CHANGED

The date set for Gen. Wood's appearance in Gary has been changed again. According to announcements issued from the Wood headquarters yesterday he will speak in Gary on the 29th of this month instead of the 28th of April. Gen. Wood will be preceded by one of his exponents Gov. J. A. Burnquist of Minnesota at the Dorman and Sykes garage next Monday night.

CAILLAUX SENTENCE EXPECTED TONIGHT

(INTERNATIONAL NEWS SERVICE) PARIS, April 23.—The French senate sitting as a high court of justice, met today to formulate a sentence for former Premier Joseph Caillaux, who was found guilty of having commerce and correspondence with the enemy. The fact that Caillaux was acquitted of the charges of high treason and of having treasonable intercourse with the enemy in war time precludes a sentence of death. It was announced that the sentence would be made public this evening.

NOTICE OF LETTING CONTRACTS.

NOTICE IS HEREBY GIVEN, That the Board of Commissioners of Lake County, Indiana, have adopted the plans and specifications, and, up until 1 o'clock P. M., on Tuesday, the 8th day of June, 1920, will receive sealed bids at the Auditor's Office, Crown Point, Indiana, for erection and construction in accordance with said plans and specifications, of a new Art Building, Horse Barn, Cattle Barn, Hog and Sheep Building, Poultry Building and a Brick Veterinary Hospital.

Mute Couple Didn't Know Home Was Burning

(INTERNATIONAL NEWS SERVICE) PUEBLO, Col.—A firemen frantically fighting a stubborn blaze on the roof of their home, Mr. and Mrs. C. Nash, both deaf mutes, sat calmly before it became effective, by eating their breakfast.

When Nash peered through the window and saw water running from the roof he decided it was raining sufficiently to warrant wearing his raincoat, and not until he stepped outside to start for business did he discover the fire fighters pouring streams of water onto his home.

Garage Insurance

An insurance policy covering a house or a store building on a lot does not cover a separate building like a private garage. That requires additional coverage.

A small structure like a one or two-car garage costs enough these days to build or replace that it should be protected by fire insurance. Get that protection before it
